## DVV Insurance

### Who are we?

DVV Insurance is a Dexia brand in Belgium. For over 75 years the exclusive consultants of the DVV network have been one of the Belgian insurance scene's reference points.

### Who are our clients?

- Around 400,000 Belgian families trust DVV to meet all their insurance needs.
- Managers of small and medium-sized enterprises and the self-employed find tailored solutions at DVV.

### What can we do for you?

As an individual client, you and your family will get a full complement of Life and Non-Life insurance policies aiming to

- protect your family and those close to you through our Non-Life insurance policies;
- protect your household income through our Life insurance policies;
- increase your portfolio with tailored financial products.

As someone who is self-employed, you will receive professional advice, tailored Life and Non-life products and solutions and high-quality personal service. Whatever your client profile, your DVV consultant is your personal contact. He is fully aware of your expectations and guarantees a quality, professional service.

### Your client benefits

- Professionalism, quality service and your DVV consultant on hand.
- A full range of products and services that meet your every need.

### And also...

DVV are expanding an active accident-prevention policy through their many partnerships.
