IMPORTANT NOTICE

This Information Memorandum (together with any supplementary information memorandum and information incorporated herein by reference, the “**Information Memorandum**”) contains summary information provided by Dexia Crédit Local (the “**Issuer**”) in connection with a guaranteed euro-commercial paper programme (the “**Programme**”) under which the Issuer may issue and have outstanding at any time euro-commercial paper notes (the “**Notes**”) up to a maximum aggregate amount of €30,000,000,000 or its equivalent in alternative currencies.

Under the Programme, the Issuer is offering the Notes only to non-US persons outside the United States in offshore transactions within the meaning of and in reliance upon Regulation S (“**Regulation S**”) under the United States Securities Act of 1933, as amended (the “**Securities Act**”). The Kingdom of Belgium, the Republic of France and the Grand Duchy of Luxembourg (each a “**Guarantor**” and together the “**Guarantors**”) will guarantee, severally but not jointly, each according to the terms and to the extent of its quota indicated in the independent on-demand guarantee dated 24 January 2013 (as amended, supplemented and/or restated at the relevant Issue Date) (the “**Guarantee**”), payments of principal, interest and incidental amounts due with respect to the Notes. For further information, see the section entitled “Information concerning the Guarantee” in this Information Memorandum. The Issuer has, pursuant to an amended and restated dealer agreement dated 23 February 2015 (the “**Dealer Agreement**”), appointed Citigroup Global Markets Limited as arranger for the Programme (the “**Arranger**”), appointed Bank of America Merrill Lynch International Limited, Barclays Bank PLC, BRED Banque Populaire, Citigroup Global Markets Limited, Dexia Crédit Local, Goldman Sachs International, ING Bank N.V., Coöperatieve Rabobank U.A. and The Royal Bank of Scotland plc (trading as NatWest Markets) as dealers for the Notes (together with the Arranger and further dealers appointed under the Programme pursuant to the Dealer Agreement from time to time, the “**Dealers**”) and authorised and requested the Dealers to circulate this Information Memorandum in connection with the Programme on their behalf to purchasers or potential purchasers of the Notes.

In accordance with the Short-Term European Paper (“**STEP**”) Initiative, this Programme has been submitted to the STEP Secretariat in order to apply for the STEP label in respect of Notes to be issued with a maturity of not more than 364 days from and including the date of issue to but excluding the maturity date. Information as to whether the STEP label has been granted for this Programme may be made available on the STEP market website (initially www.stepmarket.org). This website is not sponsored by the Issuer and the Issuer is not responsible for its content or availability.

Unless otherwise specified in this Information Memorandum, the expressions “STEP”, “STEP Market Convention”, “STEP label”, “STEP Secretariat” and “STEP market website” shall have the meanings assigned to them in the Market Convention on Short-Term European Paper dated 19 May 2015 and adopted by the ACI – The Financial Markets Association and the European Money Markets Institute (as amended from time to time).

Application has been made to list the Notes issued under the Programme described in this Information Memorandum on the official list of the Luxembourg Stock Exchange and to admit the Notes to trading on the regulated market of the Luxembourg Stock Exchange. The regulated market of the Luxembourg Stock Exchange is a regulated market for the purposes of the Directive on Markets in Financial Instruments (Directive 2004/39/EC). This Information Memorandum shall be valid for one year from the date hereof.

If agreed by the Issuer and the relevant Dealer for the Notes, Notes may also be listed and/or admitted to trading on any other stock exchange or regulated market, in which case the

procedures required to be complied with to effect such listing and/or admission to trading will be agreed by the Issuer, the Issue Agent (as defined below) and the relevant Dealer for the Notes at the time of issue. The applicable Final Terms (as defined below) (or, if appropriate, a supplement to this Information Memorandum) will include further relevant information (if any) in connection therewith.

The Issuer has undertaken, in connection with the listing or admission to trading of Notes, that at any time while any Notes are listed and/or admitted to trading, the Issuer will comply with all applicable regulations in the relevant jurisdiction in relation to such listing and/or admission to trading.

This Information Memorandum does not constitute a prospectus for the purposes of Article 5 of Directive 2003/71/EC. This Information Memorandum constitutes a simplified base prospectus for the purposes of Chapter 2 Part III of the Luxembourg Act dated 10 July 2005 on prospectuses for securities, as amended.

The Issuer accepts responsibility for the information contained in this Information Memorandum. To the best of the knowledge of the Issuer (which has taken all reasonable care to ensure that such is the case), the information contained in this Information Memorandum is in accordance with the facts and does not omit anything likely to affect the import of such information. The Issuer has confirmed to the Arranger and the Dealers that the information contained or incorporated by reference in this Information Memorandum is true and accurate in all material respects and not misleading and that there are no other facts the omission of which makes this Information Memorandum as a whole, or any such information contained or incorporated by reference herein, misleading.

None of the Issuer, the Guarantors, the Arranger or the Dealers accepts any responsibility, express or implied, for updating this Information Memorandum and neither the delivery of this Information Memorandum nor any offer or sale made on the basis of the information in this Information Memorandum shall under any circumstances create any implication that this Information Memorandum is accurate at any time subsequent to the date hereof with respect to the Issuer or the Guarantors or that there has been no change in the business, financial condition or affairs of the Issuer or the Guarantors since the date hereof.

No person is authorised by the Issuer or the Guarantors to give any information or to make any representation not contained in this Information Memorandum and any information or representation not contained herein must not be relied upon as having been authorised. This Information Memorandum may only be used for the purpose for which it has been published.

None of the Guarantors has either reviewed this Information Memorandum or verified the information contained in it, and none of the Guarantors makes any representation with respect to, nor accepts any responsibility for, the contents of this Information Memorandum or any other statement made or purported to be made on its behalf in connection with the Issuer or the issue and offering of any Notes. Each of the Guarantors accordingly disclaims all and any liability, whether arising in tort or contract or otherwise, which it might otherwise have in respect of this Information Memorandum or any such statement.

To the fullest extent permitted by law, none of the Dealers (other than Dexia Crédit Local in its capacity as Dealer) or the Arranger accept any responsibility for the contents of this Information Memorandum or for any other statement made or purported to be made by the Arranger or a Dealer or on its behalf in connection with the Issuer, the Guarantors or the issue and offering of the Notes. The Arranger and each Dealer (other than Dexia Crédit Local in its capacity as Dealer)

accordingly disclaims all and any liability whether arising in tort or contract or otherwise (save as referred to above) which it might otherwise have in respect of this Information Memorandum or any such statement.

Neither this Information Memorandum nor any financial statements contained or incorporated by reference herein are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Guarantors, the Arranger or the Dealers that any recipient of this Information Memorandum or any such financial statements should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Information Memorandum and its purchase of Notes should be based upon its own independent assessment and investigation of the financial condition, affairs and creditworthiness of the Issuer and the Guarantors and of the Programme as it deems necessary and must base any investment decision upon such independent assessment and investigation and not on this Information Memorandum (which only contains a summarised description of the current activities of the Issuer). None of the Dealers (other than Dexia Crédit Local in its capacity as Dealer) or the Arranger undertakes to review the business, financial condition or affairs of the Issuer or the Guarantors during the life of the arrangements contemplated by this Information Memorandum nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

To the fullest extent permitted by law, neither the Arranger nor any Dealer (other than Dexia Crédit Local in its capacity as Dealer) accepts any liability in relation to this Information Memorandum or its distribution by any other person. This Information Memorandum does not, and is not intended to, constitute an offer or invitation to any person to purchase Notes. The distribution of this Information Memorandum and the offering for sale of Notes or any interest in such Notes or any rights in respect of such Notes, in certain jurisdictions, may be restricted by law. Persons obtaining this Information Memorandum or any Notes or any interest in such Notes or any rights in respect of such Notes are required by the Issuer, the Guarantors, the Arranger and the Dealers to inform themselves about and to observe any such restrictions. In particular, but without limitation, such persons are required to comply with the restrictions on offers or sales of Notes and on distribution of this Information Memorandum and other information in relation to the Notes, the Issuer and the Guarantors set out under "Selling Restrictions" below.

THE NOTES AND THE GUARANTEE HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE SECURITIES ACT AND, SUBJECT TO CERTAIN EXCEPTIONS, MAY NOT BE OFFERED, SOLD OR DELIVERED WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, US PERSONS (AS DEFINED IN REGULATION S).

MIFID II product governance / Professional investors and Eligible Counterparties only target market – Solely for the purposes of the product approval process in respect of a particular Note issue, the target market assessment in respect of any of the Notes to be issued off this programme has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, "**MiFID II**"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

Solely by virtue of appointment as Arranger or Dealer, as applicable, on this Programme, neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of EU Delegated Directive 2017/593.

Differences between the Notes and bank deposits - The Notes do not constitute bank deposits and do not benefit from any protection provided pursuant to Directive 2014/49/EU of the European Parliament and of the Council on deposit guarantee schemes or any national implementing measures implementing this Directive in France. In addition, an investment in the Notes may give rise to yields and risks that differ from a bank deposit. For example, the Notes are expected to have greater liquidity than a bank deposit since bank deposits are generally not transferable. However, the Notes may have no established trading market when issued, and one may never develop. Further, as a result of the implementation of BRRD, holders of the Notes may be subject to write-down or conversion into equity on any application of the general bail-in tool and non-viability loss absorption, however, the States would remain liable to perform their obligations under the Guarantee notwithstanding any write-down or conversion to equity of the Notes following an application of the bail-in tool under the BRRD. Please see the risk factor entitled “*The Notes may be subject to write-down or conversion to equity in the context of a resolution procedure applicable to the Issuer*” set out in the Risk Factors as incorporated by reference in this Information Memorandum.

TAX

All payments in respect of any Note by or on behalf of the Issuer shall be made without set-off, counterclaim, fees, liabilities or similar deductions, and free and clear of, and without deduction or withholding for or on account of, taxes, levies, duties, assessments or charges of any nature now or hereafter imposed, levied, collected, withheld or assessed by any jurisdiction, unless such deduction or withholding is required by law.

If any applicable law should require that any payment in respect of any Note be subject to any such deduction or withholding, the Issuer will not be required to pay any additional amounts in respect of any such deduction or withholding.

No advice is given by the Issuer, any Guarantor, the Arranger or any Dealer in respect of taxation matters relating to the Notes and each investor is advised to consult its own professional adviser.

1.27 Additional information on the Programme:

Delivery and clearing:

To the extent that Notes issued in NGN format are intended to be held in a manner which will allow Eurosystem eligibility this does not mean that such Notes will necessarily be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

Notices:

All notices to Noteholders will be valid if, in the case of Global Notes, delivered to the relevant Clearing System(s) in which the Global Note is held and, in the case of Definitive Notes, published in a leading daily newspaper (which is expected to be the *Financial Times*) or, if such publication shall not be practicable, such other leading newspaper with circulation in Europe as the Issuer may reasonably decide. Furthermore, (if and so long as the Notes are admitted to trading on the regulated market of the Luxembourg Stock Exchange and the rules of that Stock Exchange so require) such notice shall be published in a leading newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*) or on the Luxembourg Stock Exchange's website (www.bourse.lu). In any event, such notices will be deemed to have been given on the date of such publication or, if published in such newspapers on different dates, on the date of the first such publication.

2a.7 Brief description of current activities

Since the end of 2011, the Dexia Group has been managed with a view to its orderly resolution. The orderly resolution plan, approved by the European Commission in December 2012, aims to avoid the Dexia Group's bankruptcy and liquidation which would, given the size of the Dexia Group, be liable to destabilise the entire European banking sector. The orderly resolution plan instead provides for a controlled run-off of the Dexia Group's balance sheet, by selling the operating entities which were considered to be viable in the long term in order to enable such entities to continue their development outside the Dexia Group, and by managing the remaining assets until maturity without any new production (other than in limited circumstances) until complete extinction of the balance sheet.

As the Dexia Group's main operational entity and issuer, Dexia Crédit Local is included in the scope of this orderly resolution plan and is likewise managed with a view to its orderly resolution.

To successfully complete this orderly resolution, the Dexia Group needed government support. As such, in December 2012, the Belgian and French States subscribed to a capital increase of Dexia for an amount of €5.5 billion. Together with the Luxembourg State, they also provided Dexia Crédit Local (as noted above, the main operational entity and issuer of the Dexia Group) with an €85 billion funding guarantee, so that the Dexia Group can find the necessary funding on the financial markets to finance its remaining assets during the run-off period. See further "*Information Concerning the Guarantee*" below.

Detailed information about the Issuer's business activity can be found on pages 11 to 14 of the Issuer's Annual Report 2016.

Recent Developments

Announcement by the European Central Bank related to the eligibility of wind-down entities as Eurosystem monetary policy counterparties

On 21 July 2017, the European Central Bank announced that it decided to remove the eligibility of wind-down entities as Eurosystem monetary policy counterparties as from 31 December 2021. The scope of this decision includes the Dexia Group and more specifically Dexia Crédit Local.

Prior to the entry into force of this measure, the Dexia Group will keep until the end of 2021 the possibility to solicit funding up to a maximum of EUR 5.2 billion from the Eurosystem.

The Dexia Group has already reduced very significantly its recourse to Eurosystem funding, with an outstanding falling over the year 2016 from EUR 16 billion to less than EUR 1 billion and amounting to less than EUR 100 million as of 15 July 2017. Moreover, in 2015 Dexia Group fully exited the exceptional funding mechanisms put in place in 2012. Since it does not participate in direct financing of the economy, the Dexia Group did not recourse to the Targeted Longer-Term Refinancing Operations (TLTRO) put in place by the Eurosystem.

The latest medium term projections made by the Dexia Group envisage only a very marginal use of Eurosystem funding, which can be replaced by other funding sources, as long as there are no major disturbances on the financial markets. In any event, the Dexia Group will keep the option of submitting a request to national central banks for Emergency Liquidity Assistance (ELA), should such disruptions arise.

Signature of an outsourcing agreement with professional services firm Cognizant

On 5 October 2017, Dexia and U.S. professional services firm Cognizant signed a 10-year agreement allowing Cognizant to become Dexia's strategic provider of information technology and business process services for capital markets and credit operations in France and Belgium. A new managed services platform will be built to run Dexia's credit operations, spanning a number of functions including transaction settlements, clearances and records maintenance. The agreement will provide more flexibility to Dexia's cost base. In addition, the technological support provided by Cognizant will enable Dexia to create the appropriate investment framework to strengthen its IT infrastructure.

Regulatory requirements and specific supervisory approach applied to Dexia as from 1 January 2018

On 30 November 2017, 8 December 2017 and 2 February 2018, the European Central Bank ("ECB") took several decisions regarding the SREP requirements and the specific supervisory approach applying to Dexia as from 1 January 2018. These decisions also apply to Dexia Crédit Local, on a consolidated basis.

The level of total SREP capital requirement applicable to Dexia Crédit Local in 2018 has been set at 10.25% on a consolidated basis. This level includes a minimum own funds requirement of 8%

(Pillar 1) and an additional own funds requirement of 2.25% (P2R – Pillar 2 Requirement). By including the capital conservation buffer, of 1.875% in 2018, this brings the capital requirement to 12.125%.

The ECB also informed Dexia that the tailored, pragmatic and proportionate prudential approach taking into consideration Dexia's specific and unique situation as a bank in resolution has been extended in 2018. Nevertheless, such renewal would be accompanied by a convergence towards the general supervisory framework, reflected by a strengthening of certain requirements:

- The requirement applicable by virtue of the Liquidity Coverage Ratio (“**LCR**”) amounts, as at 1 January 2018, to a minimum of 100% at company and consolidated levels. If this minimum level is not kept, Dexia will have to guarantee observance of a threshold of 80% at a consolidated level over the year 2018 and to inform the ECB thereof by submitting to it new LCR projections as well as a remediation plan.
- Dexia must deduct from its CET1 regulatory capital the economic impact which might be generated by remediation on a failure to observe the constraint regarding large exposures.
- Finally, the ECB stated that it expects Dexia to observe the leverage ratio.

2b INFORMATION CONCERNING THE GUARANTORS

Information concerning the Guarantors is available on the following websites:

- Belgian State: <http://financien.belgium.be/fr>

- French State: <http://www.performance-publique.budget.gouv.fr/budget-comptes-etat#.VONH8XJOVaQ>

INFORMATION CONCERNING THE GUARANTEE

On 24 January 2013: (a) the Kingdom of Belgium, (b) the Republic of France and (c) the Grand Duchy of Luxembourg entered into an Independent On-Demand Guarantee (*Garantie autonome à première demande*) (the “**Guarantee**”) whereby the Guarantors agreed to severally but not jointly guarantee specified obligations of the Issuer, as more fully described in the Guarantee below (the “**Guaranteed Obligations**”). Notes issued under the Programme benefit from the Guarantee, subject to compliance with the terms of the Guarantee. The aggregate principal amount of the outstanding Guaranteed Obligations at 28 February 2018 was EUR 67,354,465,419.76. The text of the Guarantee in French and in English is set out in Appendix 2 hereto.

Investors should carefully consider the terms of the Guarantee set out in Appendix 2 hereto before investing in the Notes. In particular, investors' attention is drawn to the following considerations relating to the Guarantee.

The decision of the European Commission to approve the Guarantee may be annulled or revoked.

In its decision of 28 December 2012, the European Commission authorised the Guarantee pursuant to Article 107(3)(b) of the Treaty on the Functioning of the European Union (the “**TFEU**”), subject to certain conditions (the “**Commission Decision**”).

A non-confidential version of the Commission Decision was published on the Official Journal of the European Union on 12 April 2014. An electronic version thereof can be found at: http://eur-lex.europa.eu/legal-content/EN/TXT/?uri=uriserv:OJ.L_.2014.110.01.0001.01.ENG.

The European Commission may revoke its decision if the Guarantors (and by implication the Issuer) fail to comply with the conditions to which such decision is subject, or if the European Commission considers that its decision was based on incorrect information. As such, no assurances can be given that there will not be an annulment or revocation of the Commission Decision or that any such annulment or revocation would not have an adverse effect on the Guarantee and Noteholders' rights thereunder.

The Guarantee is several and not joint and it sets State quotas and limits the maximum amount of the Guarantee.

The Guarantee is shared among three States (Belgium, France and Luxembourg) as Guarantors and the obligations of each of these Guarantors under the Guarantee are several, but not joint, and will be divided among them, each to the extent of its percentage share, as set out in Clause 3 of the Guarantee. Consequently, if the Guarantee is called, each Guarantor will be obliged to fulfil its payment obligation under the Guarantee only to the extent of its proportional commitment set out in the Guarantee, and will not be required to increase its payment to account for any shortfall in the payment by any other Guarantor. The Guarantee obligations of each Guarantor are as follows: Belgium – 51.41%, France – 45.59% and Luxembourg – 3%, of the payment obligations of the Issuer in principal, interest and incidental amounts, corresponding to guaranteed amounts in principal of EUR 43.6985 billion, EUR 38.7515 billion and EUR 2.55 billion, respectively. The aggregate principal amount payable under the Guarantee is currently capped at EUR 85 billion for all obligations (including the Notes), with interest and other incidental amounts covered beyond this cap.

The outstanding principal amount of the guaranteed debt is disclosed on a daily basis on the website of the Belgian National Bank (<http://www.nbb.be/DOC/DQ/warandia/index.htm>). As of 28 February 2018, aggregate outstanding Guaranteed Obligations amounted to EUR 67,354,465,419.76 in principal.

The Guarantee contains conditions for benefiting from and making claims under it.

The Guarantee was entered into by the Guarantors on 24 January 2013. In order to benefit from the Guarantee, Notes must be issued on or before 31 December 2021, with a maturity not exceeding ten years and must be originally issued to and subscribed by "Third Party Beneficiaries" as defined in Schedule A to the Guarantee.

Any demand for payment under the Guarantee must be accompanied by the information and documentation required by Clause 4(b) of the Guarantee, and otherwise be made in accordance with the Guarantee. In particular, any demand for payment under the Guarantee, satisfying the documentary requirements set out above, must be made no later than the 90th day following the date on which the amount for which payment is requested under the Guarantee became due and payable in accordance with the normal payment schedule of the Notes. Consequently, any claim under the Guarantee must be made within such 90-day limitation period in order to be valid.

Due to the several nature of the Guarantee, any Guarantee call or other notification to the States must be delivered to each of the States.

Investors in the Notes are reminded that, while such Notes are represented by a Global Note, any claims and/or demands for payments under the Guarantee must be exercised through, and in accordance with, the standard procedures of Euroclear Bank SA/ NV, Clearstream Banking S.A. or any other clearing system through which the Notes are cleared. Accordingly, such holders must notify and liaise with their financial intermediary and/or custodian in order to ensure that the

necessary steps are taken to validly exercise their rights under the Guarantee in a timely manner and are solely responsible for so doing.

Noteholders have no acceleration rights against the Guarantors and may lose their right to call upon the Guarantee as a result of accelerating against the Issuer.

No grounds for acceleration of payment of the Notes, whether statutory (for example, in the case of judicial liquidation proceedings with respect to the Issuer) or contractual (for example, in the case of any event of default, event of termination or cross-default), will be enforceable against the Guarantors or any of them under the Guarantee. Consequently, a claim under the Guarantee may only be made in respect of amounts which have become due and payable pursuant to the normal payment schedule of the Notes and subject to the other requirements described above. As a result thereof, any demand for payment under the Guarantee needs to be renewed in connection with all subsequent dates on which a payment under the Notes by the Issuer is due and payable under the normal payment schedule but remains unpaid.

Furthermore, in order to be entitled to call upon the Guarantee, a Noteholder cannot have invoked or invoke any grounds for acceleration towards the Issuer under the Notes, except where the grounds for acceleration of payment have arisen by operation of law without any action from Noteholders, for example in the event of certain judicial liquidation proceedings with respect to the Issuer.

See, in particular, Clause 2 of the Guarantee.

There is no gross-up for withholding tax if the Guarantee is called upon.

No additional amounts will be payable by the Guarantors if any payments payable under the Notes or under the Guarantee become subject to deduction or withholding in respect of any taxes or duties whatsoever.

Payments under the Guarantee may be subject to withholding tax.

Applying a withholding to payments under the Guarantee by the Guarantors would limit the budgetary impact of the Guarantee being called for the States of Belgium, France and Luxembourg (the "**States**"), as the terms of the Guarantee provide that there is no gross-up obligation in the case of withholding.

Taking this into account, in the absence of existing authority in Belgium there is a measure of uncertainty as to whether the Belgian State would apply interest withholding tax on the portion of payments made under the Guarantee which constitutes a substitute for interest payments that should have been made by the Issuer.

In such circumstances, non-resident investors who cannot credit the withholding tax against Belgian income tax (such as non-resident investors who are not investing in the Notes through a Belgian branch) would need to file an administrative appeal to claim a refund based on the argument that payments under the Guarantee are not interest payments and/or based on the applicability of the exemption for interest paid by the Belgian State to non-resident investors who are not investing through a Belgian branch (article 107, § 2, 5°, b, of the royal decree implementing the Income Tax Code).

There is no existing authority addressing the withholding tax treatment of payments made by the French State as Guarantor. Pursuant to the general principles of French tax law, such payments should not be subject to the withholding tax under article 125 A III of the French General Tax Code provided that they are not made in a non-cooperative State or territory within the meaning of article 238-0 A of the French General Tax Code (a "**Non-Cooperative State**") and that the relevant

Noteholder is neither domiciled (*domicilié*) nor established (*établi*) in such a Non-Cooperative State.

The Guarantee is subject to specific governing law and jurisdiction.

Whereas the Notes are governed by, and shall be construed in accordance with, English law, and the Courts of England have jurisdiction to settle any disputes which may arise out of or in connection with them, the Guarantee is governed by the laws of Belgium and the courts of Brussels have exclusive jurisdiction to settle any disputes relating thereto. Consequently, legislation and rules of interpretation applicable to the Notes and the Guarantee may differ, and any proceedings in respect thereof may need to be initiated before separate courts.

The Guarantee is subject to limitations on actions against the Guarantors, including, but not limited to, the Guarantors benefitting from sovereign immunity.

Pursuant to the Guarantee, each of the Guarantors waives its right to invoke any defences that the Issuer could assert against Security Holders (as defined under the Guarantee) to refuse payment. However, none of the Guarantors waives any immunity from jurisdiction in the United States for any purpose. Each of the Guarantors is subject to suit exclusively in competent courts in Brussels, Belgium, in accordance with the Guarantee.

The Belgian State does not enjoy immunity from judgments rendered against it, recognised and enforced by the courts of Belgium in accordance with Council Regulation (EU) No. 44-2001 of 22 December 2001 ("**Brussels I Regulation**"). It benefits from immunity from enforcement, attachment or seizure of its property pursuant to Article 1412bis of the Belgian Judicial Code and public law principles. This immunity from enforcement means the assets of a public law entity (such as the Belgian State) cannot be seized to pay its debts. However, this is not without exception and under article 1412bis of the Belgian Judicial Code, the following public assets are, nevertheless, subject to seizure:

- assets expressly declared to be seizable by the public entity that owns them (the public entity must formally list the assets that may be seized); and
- if a list of expressly declared seizable assets does not exist, or if the listed assets are not sufficient to settle the outstanding debt, those assets which are obviously not necessary (i) for performing the public service tasks or (ii) to guarantee the continuity of the public service.

Very few authorities have made a list of seizable assets and the Issuer is not aware of any publicly available list in relation to the assets of the Belgian State.

Case law restrictively interprets the exemption related to the assets that are obviously not necessary for performing the public service tasks or guaranteeing the continuity of the public service.

The French State does not enjoy immunity from judgments rendered against it, recognised and enforced by the courts of France in accordance with the Brussels I Regulation. However, the French Republic benefits from immunity from attachment or seizure of its assets, and enforcement of judgments against the French Republic is subject to a special procedure established by the Code de Justice Administrative and applicable law, such as French law No. 80-539 of 16 July 1980 on periodic penalty payments imposed in administrative courts decisions and on the enforcement of judgments against legal entities governed by public law.

The Grand Duchy of Luxembourg does not enjoy immunity from judgments rendered against it, recognised and enforced by the courts of the Grand Duchy of Luxembourg in accordance with the

Brussels I Regulation. However, under the present laws of Luxembourg, the property of the Grand Duchy of Luxembourg benefits from immunity from enforcement, attachment or seizure proceedings of private law. Such immunity protects the assets of the Grand Duchy of Luxembourg that are designated for the performance of missions of public authority or of public service (even where the acts of the Grand Duchy of Luxembourg have been of a private or commercial nature or, in other words, performed on a *jure gestionis* basis). These assets are presumed to be of a public nature and therefore sovereign. However, assets of the Grand Duchy of Luxembourg forming part of an estate that has been allocated to a principal activity of a private or commercial nature may be attached by creditors of the Grand Duchy of Luxembourg unless the Grand Duchy of Luxembourg proves that the assets are sovereign in nature or, in other words, that the assets have been allocated to, or have been managed in the context of, a public authority mission or a public service mission. State immunity from enforcement has not been specifically considered by the Luxembourg courts or by Luxembourg legal literature. It is, therefore, necessary to form a view on the basis of general principles of Luxembourg law and to draw on French and Belgian legal commentary and case law.

1. For value received, Dexia Crédit Local (the “**Issuer**”) promises to pay to the bearer of this Global Note on the above-mentioned Maturity Date the above-mentioned Nominal Amount together with interest thereon at the rate and at the times (if any) specified herein.

All such payments shall be made in accordance with an issue and paying agency agreement dated 20 February 2014 between the Issuer, the issue agent and the paying agents referred to therein (as may be amended, supplemented or restated from time to time, the “**Agency Agreement**”), a copy of which is available for inspection at the offices of Citibank, N.A., London Branch (the “**Paying Agent**”) at 14th Floor, Citigroup Centre, Canada Square, Canary Wharf, London E14 5LB, United Kingdom and Banque Internationale à Luxembourg, *Société Anonyme* (the “**Luxembourg Paying Agent**”) at 69 route d’Esch, L-1470 Luxembourg, Grand Duchy of Luxembourg, and subject to and in accordance with the terms and conditions set forth below. All such payments shall be made upon presentation and surrender of this Global Note to or to the order of the Paying Agent or the Luxembourg Paying Agent referred to above by transfer to an account denominated in the above-mentioned Specified Currency maintained by the bearer with a bank in the principal financial centre in the country of that currency or, in the case of a Global Note denominated or payable in euro, by transfer to a euro account (or any other account to which euro may be credited or transferred) maintained by the payee with a bank in the principal financial centre of any member state of the European Union, other than a Non-Cooperative Jurisdiction (as set out in the list referred to in Article 238-0 A of the French tax code, as such list may be amended from time to time). If this Global Note indicates that it is intended to be issued in NGN form, the Issuer shall procure that details of each such payment shall be entered *pro rata* in the records of the Relevant Clearing Systems (as defined below) and in the case of any payment of principal and upon any such entry being made, the nominal amount of the Notes recorded in the records of the Relevant Clearing

Systems and represented by this Global Note shall be reduced by the aggregate nominal amount of the Notes so redeemed. Capitalised terms used in this Global Note shall have the same meanings given to them in the Agency Agreement, unless indicated otherwise.

Notwithstanding the foregoing, presentation and surrender of this Global Note shall be made outside the United States and no amount shall be paid by transfer to an account in the United States, or mailed to an address in the United States. In the case of a Global Note denominated in US Dollars, payments shall be made by transfer to an account denominated in US Dollars in the principal financial centre of any country outside the United States that the Issuer or Paying Agent so chooses.

2. If this Global Note indicates that it is intended to be issued in NGN form, the nominal amount of Notes represented by this Global Note shall be the aggregate amount from time to time entered in the records of each of Euroclear Bank SA/NV ("**Euroclear**"), Clearstream Banking, S.A. ("**Clearstream**") and/or any such other securities clearance and/or settlement system which is compliant, as of the Issue Date, with the Market Convention on Short-Term European Paper ("**STEP**") dated 19 May 2015 and adopted by the ACI – The Financial Markets Association and the European Money Markets Institute (as amended from time to time) and, if this Global Note indicates that it is intended to be held in a manner which would allow Eurosystem eligibility, authorised to hold, and then currently holding, this Global Note as eligible collateral for Eurosystem monetary policy and intra-day credit operations, in each case as agreed between the Issuer and the relevant Dealer(s) (each a "**Relevant Clearing System**" and together, the "**Relevant Clearing Systems**"). The records of the Relevant Clearing Systems (which expression in this Global Note means the records that each Relevant Clearing System holds for its customers which reflect the amount of such customer's interest in the Notes (but excluding any interest in the Notes of one Relevant Clearing System shown in the records of the other Relevant Clearing Systems)) shall be conclusive evidence of the nominal amount of Notes represented by this Global Note and, for these purposes, a statement issued by a Relevant Clearing System (which statement shall be made available to the bearer of this Global Note upon request) stating the nominal amount of Notes represented by this Global Note at any time shall be conclusive evidence of the records of such Relevant Clearing System at that time.

Each of the persons shown in the records of the Relevant Clearing Systems will be entitled to receive any payment so made in respect of those Notes in accordance with the rules and procedures of such Relevant Clearing Systems. Such persons shall have no claim directly against the Issuer in respect of payments due on the Notes for so long as they are represented by this Global Note (but without prejudice to the rights which the bearer or any other person may have under the Deed of Covenant referred to below).

If this Global Note indicates that it is not intended to be issued in NGN form, the nominal amount of the Notes represented by this Global Note shall be the amount stated as the Nominal Amount.

All payments in respect of this Global Note by or on behalf of the Issuer shall be made without set-off, counterclaim, fees, liabilities or similar deductions, and free and clear of, and without deduction or withholding for or on account of, taxes, levies, duties, assessments or charges of any nature now or hereafter imposed, levied, collected, withheld or assessed by any jurisdiction ("**Taxes**"), unless such deduction or withholding is required by law.

If any applicable law should require that any payment in respect of any Global Note be subject to any such deduction or withholding, the Issuer will not be required to pay any additional amounts in respect of any such deduction or withholding.

3. If the Maturity Date or, if applicable, the relevant Interest Payment Date is not a Payment Business Day (as defined herein) payment in respect hereof will not be made and credit or transfer instructions shall not be given until the next following Payment Business Day (unless that date falls more than 364 days after the Issue Date, in which case payment shall be made on the immediately preceding Payment Business Day) and neither the bearer of this Global Note nor the holder or beneficial owner of any interest herein or rights in respect hereof shall be entitled to any interest or other sums in respect of the postponement of such payment.

As used in this Global Note:

"Payment Business Day" means any day other than a Saturday or Sunday which is either (i) if the above-mentioned Specified Currency is any currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency; or (ii) if the above-mentioned Specified Currency is euro, a day which is a TARGET Business Day; and

"TARGET Business Day" means a day on which the Trans-European Automated Real-time Gross Settlement Express Transfer (known as TARGET2) System, which utilises a single shared platform and which was launched on 19 November 2007, or any successor thereto, is operating credit or transfer instructions in respect of payments in euro.

Provided that if the Paying Agent determines (with the agreement of the Issuer) that the market practice in respect of euro denominated internationally offered securities is different from that specified above, the above shall be deemed to be amended so as to comply with such market practice and the Paying Agent shall procure that a notice of such amendment is published not less than 15 days prior to the date on which any payment in euro falls due to be made in such manner as the Paying Agent may determine.

4. The payment obligation of the Issuer represented by this Global Note constitutes and at all times shall constitute a direct and unsecured obligation of the Issuer ranking at least *pari passu* with all present and future unsecured and unsubordinated indebtedness of the Issuer other than obligations preferred by mandatory provisions of law applying to companies and/or financial institutions generally.
5. This Global Note is negotiable and, accordingly, title hereto shall pass by delivery and the bearer shall be treated as being absolutely entitled to receive payment upon due presentation hereof free and clear of any equity, set-off or counterclaim on the part of the Issuer against any previous bearer hereof.
6. This Global Note is issued in respect of an issue of Notes of the Issuer and is exchangeable in whole (but not in part only) for duly executed and authenticated bearer Notes in definitive form (whether before, on or, subject as provided below, after the Maturity Date):
 - (a) if the clearing system(s) in which this Global Note is held at the relevant time is closed for business for a continuous period of 14 days or more (other than by reason of weekends or public holidays statutory or otherwise) or if any such

clearing system announces an intention to or does in fact, permanently cease to do business; or

- (b) if default is made in the payment of any amount payable in respect of this Global Note.

Upon presentation and surrender of this Global Note during normal business hours to or to the order of the Paying Agent (or to any other person or at any other office outside the United States as may be designated in writing by the Issuer to the bearer) on behalf of the Issuer, the Paying Agent shall authenticate and deliver, in exchange for this Global Note, bearer definitive notes denominated in the above-mentioned Specified Currency in an aggregate nominal amount equal to the Nominal Amount of this Global Note.

- 7. If, upon any such default and following such surrender, definitive Notes are not issued in full exchange for this Global Note before 5.00 p.m. (London time) on the thirtieth day after surrender, this Global Note (including the obligation hereunder to issue definitive notes) will become void and the bearer will have no further rights under this Global Note (but without prejudice to the rights which the bearer or any other person may have under a deed of covenant dated 20 February 2014 (as amended, re-stated or supplemented as of the date of issue of the Notes) entered into by the Issuer (the “**Deed of Covenant**”)).
- 8. This Global Note will be severally, but not jointly, guaranteed by the Kingdom of Belgium, the Republic of France and the Grand Duchy of Luxembourg each according to the terms and to the extent of its quota indicated in Clause 3 of the independent On-Demand Guarantee dated 24 January 2013 (as amended, supplemented and/or restated at the relevant issue date of the Notes), in respect of payments of principal, interest and incidental amounts due, copies of the French language version and the English language version are available for inspection during normal business hours at the offices of the Paying Agent referred to above.
- 9. If this is an interest bearing Global Note, then:
 - (a) notwithstanding the provisions of paragraph 1 above, if any payment of interest in respect of this Global Note falling due for payment prior to the above-mentioned Maturity Date remains unpaid on the 15th day after falling so due, the holder of any Note may, upon written notice given to the Paying Agent at its specified office, cause the amount referred to in paragraph 1 to become immediately due and payable as of the date on which the said notice is given;
 - (b) upon each payment of interest (if any) prior to the Maturity Date in respect of this Global Note:
 - (i) if this Note indicates that it is intended to be issued in NGN form, detail of such payment shall be entered *pro rata* in the records of the Relevant Clearing Systems; or
 - (ii) if this Note indicates that it is not intended to be issued in NGN form, Schedule 1 hereto shall be duly completed by the Paying Agent to reflect such payment;
 - (c) payments due in respect of Notes for the time being represented by this Global Note shall be made to the bearer of this Global Note and each payment so made will discharge the Issuer's obligation in respect thereof. Any failure to make the entries referred to in paragraph 10(b) shall not affect such discharge; and

- (d) if no Interest Payment Dates are specified on the face of the Global Note, the Interest Payment Date shall be the Maturity Date.
10. If this is a fixed rate interest bearing Global Note, interest shall be calculated on the Nominal Amount as follows:
- (a) interest shall be payable on the Nominal Amount in respect of each successive Interest Period (as defined below) from the Issue Date to the Maturity Date only, in arrear on the relevant Interest Payment Date, on the basis of the actual number of days in such Interest Period and a year of 360 days or, if this Global Note is denominated in Sterling, 365 days at the above-mentioned Interest Rate with the resulting figure being rounded to the nearest amount of the above-mentioned Specified Currency which is available as legal tender in the country or countries (in the case of the euro) of the Specified Currency (with halves being rounded upwards); and
 - (b) the period beginning on (and including) the Issue Date and ending on (but excluding) the first Interest Payment Date and each successive period beginning on (and including) an Interest Payment Date and ending on (but excluding) the next succeeding Interest Payment Date is an “**Interest Period**” for the purposes of this paragraph 10.
11. If this is a floating rate interest bearing Global Note, interest shall be calculated on the Nominal Amount as follows:
- (a) in the case of a Global Note which specifies LIBOR as the Reference Rate on its face, the Rate of Interest will be the aggregate of LIBOR and the above-mentioned Margin (if any) above or below LIBOR. Interest shall be payable on the Nominal Amount in respect of each successive Interest Period (as defined below) from the Issue Date to the Maturity Date only, in arrear on the relevant Interest Payment Date, on the basis of the actual number of days in such Interest Period and a year of 360 days or, if this Global Note is denominated in Sterling, 365 days.

As used in this Global Note:

“**LIBOR**” shall be equal to the rate defined as “**LIBOR-BBA**” in respect of the above-mentioned Specified Currency (as defined in the 2006 ISDA Definitions published by the International Swaps and Derivatives Association, Inc., as amended, updated or replaced as at the date of this Global Note (the “**ISDA Definitions**”)) as at 11.00 a.m. (London time) or as near thereto as practicable on the second London Banking Day before the first day of the relevant Interest Period or, if this Global Note is denominated in Sterling, on the first day thereof (a “**LIBOR Interest Determination Date**”), as if the Reset Date (as defined in the ISDA Definitions) were the first day of such Interest Period and the Designated Maturity (as defined in the ISDA Definitions) were the number of months specified on the face of this Global Note in relation to the Reference Rate; and

“**London Banking Day**” shall mean a day on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) in London;

- (b) in the case of a Global Note which specifies EURIBOR as the Reference Rate on its face, the Rate of Interest will be the aggregate of EURIBOR and the above-mentioned Margin (if any) above or below EURIBOR. Interest shall be payable on

the Nominal Amount in respect of each successive Interest Period (as defined below) from the Issue Date to the Maturity Date only, in arrear on the relevant Interest Payment Date, on the basis of the actual number of days in such Interest Period and a year of 360 days.

As used in this Global Note, “**EURIBOR**” shall be equal to EUR-EURIBOR-Reuters (as defined in the ISDA Definitions) as at 11.00 a.m. (Brussels time) or as near thereto as practicable on the second TARGET Business Day before the first day of the relevant Interest Period (a “**EURIBOR Interest Determination Date**”) as if the Reset Date (as defined in the ISDA Definitions) was the first day of such Interest Period and the Designated Maturity (as defined in the ISDA Definitions) was the number of months specified on the face of this Global Note in relation to the Reference Rate;

- (c) in the case of a Global Note which specifies SONIA as the Reference Rate on its face, the Rate of Interest will be the aggregate of SONIA and the above-mentioned Margin (if any) above or below SONIA. Interest shall be payable on the Nominal Amount in respect of each successive Interest Period (as defined below) from the Issue Date to the Maturity Date only, in arrear on the relevant Interest Payment Date.

As used in this Global Note, “SONIA” shall be calculated as the average rate of the Sterling overnight interbank average (SONIA) for the relevant Interest Period, calculated by the Calculation Agent on the relevant Interest Payment Date (the “**SONIA Interest Determination Date**”) in accordance with the following formula:

$$\frac{1}{D} \times \left[\sum_{i=1}^{i=D} \text{SONIA}_i \right]$$

Where:

“SONIA”, for any relevant day “i” falling in the relevant Interest Period, is a reference rate equal to the Sterling overnight interbank average rate as calculated by the Wholesale Markets Brokers’ Association (WMBA) and appearing on the Reuters Screen SONIA 1 Page (or any successor thereto) in respect of that day, if that day is a London Business Day, or in respect of the London Business Day immediately preceding that day, if that day is not a London Business Day;

“D” is a number of calendar days in the relevant Interest Period; and

“i”, is a series of whole numbers from one to D, each representing the relevant calendar days in the relevant Interest Period in chronological order from, and including, the first day of that Interest Period to, and including, the last day of that Interest Period.

- (d) in the case of a Global Note which specifies EONIA as the Reference Rate on its face, the Rate of Interest will be the aggregate of EONIA and the above-mentioned Margin (if any) above or below EONIA. Interest shall be payable on the Nominal Amount in respect of each successive Interest Period (as defined below) from the Issue Date to the Maturity Date only, in arrear on the relevant Interest Payment Date.

As used in this Global Note, “EONIA” shall be calculated as the average rate of the day-to-day Euro-Zone interbank euro money market (EONIA) for the relevant Interest Period, calculated by the Calculation Agent on the relevant Interest Payment Date (the “**EONIA Interest Determination Date**”) in accordance with the following formula:

$$\frac{1}{D} \times \left[\sum_{i=1}^{i=D} \text{EONIA}_i \right]$$

Where:

“EONIA_i”, for any relevant day “i” falling in the relevant Interest Period, is a reference rate equal to the overnight rate as calculated by the European Central Bank and appearing on the Reuters Screen EONIA Page (or any successor thereto) in respect of that day, if that day is a TARGET Business Day, or in respect of the TARGET Business Day immediately preceding that day, if that day is not a TARGET Business Day;

“D” is the number of calendar days in the relevant Interest Period; and

“i”, is a series of whole numbers from one to D, each representing the relevant calendar days in the relevant Interest Period in chronological order from, and including, the first day of that Interest Period to, and including, the last day of that Interest Period.

- (e) if the Rate of Interest cannot be determined in accordance with paragraphs 11 (a), (b), (c) or (d) as applicable, the Rate of Interest shall be determined by the Calculation Agent as at the last preceding LIBOR Interest Determination Date, EURIBOR Interest Determination Date, SONIA Interest Determination Date or EONIA Interest Determination Date (as the case may be);
- (f) the Calculation Agent will, as soon as practicable after 11.00 a.m. (London time) on each LIBOR Interest Determination Date or SONIA Interest Determination Date or 11.00 a.m. (Brussels time) on each EURIBOR Interest Determination Date or EONIA Interest Determination Date (as the case may be), determine the Rate of Interest and calculate the amount of interest payable (the “**Amount of Interest**”) for the relevant Interest Period. “**Rate of Interest**” means the rate which is determined in accordance with the provisions of paragraph 11(a)-(d). The Amount of Interest shall be calculated by applying the Rate of Interest to the Nominal Amount of one Note of each denomination, multiplying such product by the actual number of days in the Interest Period concerned divided by 360 or, if this Global Note is denominated in Sterling, by 365 and rounding the resulting figure to the nearest amount of the above-mentioned Specified Currency which is available as legal tender in the country or countries (in the case of the euro) of the Specified Currency (with halves being rounded upwards). The determination of the Rate of Interest and the Amount of Interest by the Calculation Agent named above shall (in the absence of manifest error) be final and binding upon all parties;
- (g) a certificate of the Calculation Agent as to the Rate of Interest payable hereon for any Interest Period (as defined below) shall be conclusive and binding as between the Issuer and the bearer hereof;

- (h) the period beginning on (and including) the Issue Date and ending on (but excluding) the first Interest Payment Date and each successive period beginning on (and including) an Interest Payment Date and ending on (but excluding) the next succeeding Interest Payment Date is called an “**Interest Period**” for the purposes of this paragraph; and
 - (i) the Issuer will procure that a notice specifying the Rate of Interest payable in respect of each Interest Period be published as soon as practicable after the determination of the Rate of Interest. Such notice will be delivered to the clearing system(s) in which this Global Note is held at the relevant time or, if this Global Note has been exchanged for bearer definitive Notes pursuant to paragraph 6, will be published in a leading English language daily newspaper published in London (which is expected to be the *Financial Times*).
12. On any payment of interest being made in respect of, or purchase and cancellation of, any of the Notes represented by this Global Note:
- (a) if this Note indicates that it is intended to be issued in NGN form, the Issuer shall procure that details of such payment or purchase and cancellation (as the case may be) shall be entered in the records of each Relevant Clearing System and, upon any such entry being made in the case of a purchase and cancellation, the issued outstanding amount of the Notes recorded in the records of the Relevant Clearing System and represented by this Global Note shall be reduced by the aggregate nominal amount of the Notes so purchased and cancelled; or
 - (b) if this Note indicates that it is not intended to be issued in NGN form, details of such payment or purchase and cancellation (as the case may be) shall be entered by or on behalf of the Issuer in Schedule 2 hereto (such entry being prima facie evidence that the payment or, as the case may be, relevant purchase and cancellation in question has been made) and the relevant notation in Schedule 2 hereto recording any such payment or, as the case may be, purchase and cancellation shall be signed by or on behalf of the Issuer. Upon any such purchase and cancellation, the nominal amount of the Notes represented by this Global Note shall be reduced by the nominal amount of the Notes so purchased and cancelled.
13. If the proceeds of this Global Note are accepted in the United Kingdom, the Nominal Amount shall be not less than £100,000 (or the equivalent in any other currency).
14. Instructions for payment must be received at the offices of the Paying Agent referred to above together with this Global Note as follows:
- (a) if this Global Note is denominated in Japanese Yen, at least two Business Days prior to the relevant payment date;
 - (b) if this Global Note is denominated in United States dollars, Canadian dollars or Sterling, on or prior to the relevant payment date; and
 - (c) in all other cases, at least one Business Day prior to the relevant payment date.

As used in this paragraph, “**Business Day**” means:

- (i) a day other than a Saturday or Sunday on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) in London; and

- (ii) in the case of payments in euro, a TARGET Business Day and, in all other cases, a day on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) in the principal financial centre in the country of the above-mentioned Specified Currency.

- 15. This Global Note shall not be validly issued unless manually authenticated by Citibank, N.A., London Branch as issue agent and (i) if this Global Note indicates that it is intended to be issued in NGN form and (ii) if intended to be held in a manner that would allow Eurosystem eligibility, and/or if it is delivered by Citibank, N.A., London Branch as issue agent to the entity appointed as common safekeeper for the Relevant Clearing System(s) (the “**Common Safekeeper**”) by electronic means, effectuated by the Common Safekeeper.
- 16. This Global Note and any non-contractual obligations arising out of or in connection with it are governed by, and shall be construed in accordance with, English law.

The English courts have exclusive jurisdiction to settle any dispute arising out of or in connection with this Global Note (including a dispute regarding the existence, validity or termination of this Global Note). The parties to this Global Note agree that the English courts are the most appropriate and convenient courts to settle any such dispute and accordingly no such party will argue to the contrary.

The Issuer irrevocably appoints Dexia Management Services Limited of 6th Floor, Salisbury House, London Wall, London EC2M 5QQ as its agent for service of process in any proceedings before the English courts in connection with this Global Note. If any person appointed as process agent is unable for any reason to act as agent for service of process, the Issuer will appoint another agent, and failing such appointment within 15 days, the bearer shall be entitled to appoint such a person by written notice addressed to the Issuer and delivered to the Issuer or to the specified office of the Paying Agent. The Issuer agrees that failure by a process agent to notify it of any process will not invalidate the relevant proceedings. This paragraph 16 does not affect any other method of service allowed by law.

The Issuer irrevocably and unconditionally agrees not to claim any immunity from proceedings brought by the bearer against it in relation to this Global Note and to ensure that no such claim is made on its behalf, consents generally to the giving of any relief or the issue of any process in connection with those proceedings, and waives all rights of immunity in respect of it or its assets.

- 17. All notices to holders will be valid if, in the case of Global Notes, delivered to the relevant Clearing System(s) in which the Global Note is held. Furthermore, (if and so long as the Notes are admitted to trading on the regulated market of the Luxembourg Stock Exchange and the rules of that Stock Exchange so require) such notice shall be published in a leading newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*) or on the Luxembourg Stock Exchange's website (www.bourse.lu). In any event, such notices will be deemed to have been given on the date of such publication or, if published in such newspapers on different dates, on the date of the first such publication.
- 18. No person shall have any right to enforce any provision of this Global Note under the Contracts (Rights of Third Parties) Act 1999 but this does not affect any right or remedy of any person which exists or is available apart from that Act.

Interest shall be payable on the Nominal Amount in respect of each successive Interest Period (as defined below) from the Issue Date to the Maturity Date only, in arrear on the relevant Interest Payment Date, on the basis of the actual number of days in such Interest Period and a year of 360 days or, if this Note is denominated in Sterling, 365 days.

As used in this Note:

“**LIBOR**” shall be equal to the rate defined as **LIBOR-BBA** in respect of the above-mentioned Specified Currency (as defined in the 2006 ISDA Definitions, published by the International Swaps and Derivatives Association, Inc., as amended, updated or replaced as at the date of this Note (the “**ISDA Definitions**”)) as at 11.00 a.m. (London time) or as near thereto as practicable on the second London Banking Day before the first day of the relevant Interest Period or, if this Note is denominated in Sterling, on the first day thereof (a “**LIBOR Interest Determination Date**”), as if the Reset Date (as defined in the ISDA Definitions) were the first day of such Interest Period and the Designated Maturity (as defined in the ISDA Definitions) were the number of months specified on the face of this Note in relation to the Reference Rate; and

- (c) in the case of a Global Note which specifies SONIA as the Reference Rate on its face, the Rate of Interest will be the aggregate of SONIA and the above-mentioned Margin (if any) above or below SONIA. Interest shall be payable on the Nominal Amount in respect of each successive Interest Period (as defined below) from the Issue Date to the Maturity Date only, in arrear on the relevant Interest Payment Date.

As used in this Global Note, “SONIA” shall be calculated as the average rate of the Sterling overnight interbank average (SONIA) for the relevant Interest Period, calculated by the Calculation Agent on the relevant Interest Payment Date (the “**SONIA Interest Determination Date**”) in accordance with the following formula:

$$\frac{1}{D} \times \left[\sum_{i=1}^{i=D} \text{SONIA}_i \right]$$

Where:

“SONIA”, for any relevant day “i” falling in the relevant Interest Period, is a reference rate equal to the Sterling overnight interbank average rate as calculated by the Wholesale Markets Brokers’ Association (WMBA) and appearing on the Reuters Screen SONIA 1 Page (or any successor thereto) in respect of that day, if that day is a London Business Day, or in respect of the London Business Day immediately preceding that day, if that day is no a London Business Day;

$$\frac{1}{D} \times \left[\sum_{i=1}^{i=D} \text{EONIA}_i \right]$$

Where:

“EONIA_i”, for any relevant day “i” falling in the relevant Interest Period, is a reference rate equal to the overnight rate as calculated by the European Central Bank and appearing on the Reuters Screen EONIA Page (or any successor thereto) in respect of that day, if that day is a TARGET Business Day, or in respect of the TARGET Business Day immediately preceding that day, if that day is not a TARGET Business Day;

“i”, is a series of whole numbers from one to D, each representing the relevant calendar days in the relevant Interest Period in chronological order from, and including, the first day of that Interest Period to, and including, the last day of that Interest Period.

- (e) if the Rate of Interest cannot be determined in accordance with paragraphs 8(a), (b), (c) or (d) as applicable, the Rate of Interest shall be determined by the Calculation Agent as at the last preceding LIBOR Interest Determination Date, EURIBOR Interest Determination Date, SONIA Interest Determination Date or EONIA Interest Determination Date (as the case may be);
- (f) the Calculation Agent will, as soon as practicable after 11.00 a.m. (London time) on each LIBOR Interest Determination Date or SONIA Interest Determination Date or 11.00 a.m. (Brussels time) on each EURIBOR Interest Determination Date or EONIA Interest Determination Date (as the case may be), determine the Rate of Interest and calculate the amount of interest payable (the “**Amount of Interest**”) for the relevant Interest Period. “**Rate of Interest**” means the rate which is determined in accordance with the provisions of paragraphs 8(a)-(d). The Amount of Interest shall be calculated by applying the Rate of Interest to the Nominal Amount, multiplying such product by the actual number of days in the Interest Period concerned divided by 360 or, if this Note is denominated in Sterling, by 365 and rounding the resulting figure to the nearest amount of the above-mentioned Specified Currency which is available as legal tender in the country or countries (in the case of the euro) of the Specified Currency (with halves being rounded upwards). The determination of the Rate of Interest and the Amount of Interest by the Calculation Agent named above shall (in the absence of manifest error) be final and binding upon all parties;
- (g) a certificate of the Calculation Agent as to the Rate of Interest payable hereon for any Interest Period (as defined below) shall be conclusive and binding as between the Issuer and the bearer hereof;
- (h) the period beginning on (and including) the Issue Date and ending on (but excluding) the first Interest Payment Date and each successive period beginning on (and including) an Interest Payment Date and ending on (but excluding) the next succeeding Interest Payment Date is called an “**Interest Period**” for the purposes of this paragraph; and

9 If the proceeds of this Note are accepted in the United Kingdom, the Nominal Amount shall be not less than £100,000 (or the equivalent in any other currency).

The Issuer agrees that failure by a process agent to notify it of any process will not invalidate the relevant proceedings. This paragraph 12 does not affect any other method of service allowed by law.

The Issuer irrevocably and unconditionally agrees not to claim any immunity from proceedings brought by the bearer against it in relation to this Note and to ensure that no

such claim is made on its behalf, consents generally to the giving of any relief or the issue of any process in connection with those proceedings, and waives all rights of immunity in respect of it or its assets.

APPENDIX 2 PART I

GUARANTEE

ENGLISH VERSION

On 24 January 2013: (a) the Kingdom of Belgium, (b) the Republic of France and (c) the Grand Duchy of Luxembourg executed an Independent On-Demand Guarantee (Garantie Autonome à Première Demande) (the “Guarantee”) whereby the Guarantors severally but not jointly guarantee specified obligations of the Issuer, as more fully described below. Notes issued under the Programme benefit from the Guarantee, subject to compliance with the terms of the Guarantee. The following is the text of the Guarantee in English and in French.

INDEPENDENT ON-DEMAND GUARANTEE

The **KINGDOM OF BELGIUM**, for 51.41%,

the **FRENCH REPUBLIC**, for 45.59%, and

the **GRAND DUCHY OF LUXEMBOURG**, for 3%, (the “**States**”)

hereby unconditionally and irrevocably, severally but not jointly, each to the extent of its percentage share indicated above and in accordance with the terms and conditions set forth in this guarantee (the “**Guarantee**”), guarantee the performance by Dexia Crédit Local SA (acting through its head office or any of its branches, including its New York branch, “**DCL**”) of its payment obligations, in principal, interest and incidental amounts, under the Guaranteed Obligations referred to below.

1 Definitions

In this Guarantee:

“**Aggregate Commitment**” has the meaning defined in Clause 3(b);

“**Business Day**” means a day, other than a Saturday or Sunday, on which banks are open in France, Belgium and Luxembourg, provided that:

- (a) if it is a day on which a payment of Guaranteed Obligations denominated in a Foreign Currency is to be made, that day is also a day on which banks are open in the main financial centre of the state of such currency; or
- (b) if it is a day on which a payment of Guaranteed Obligations denominated in euro is to be made, that day is also a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer payment system is open for the settlement of payments in euro;

“**Contracts**” means the loans, advances, overdrafts and deposits referred to in paragraph (b) of the definition of “Guaranteed Obligations”;

“**Foreign Currencies**” means US dollar (USD), Canadian dollar (CAD), pound sterling (GBP), yen (JPY) and Swiss franc (CHF);

“**Guaranteed Obligations**” means:

- (a) the securities and financial instruments issued by DCL, initially subscribed by Third-Party Beneficiaries, which meet the criteria set out in Schedule B

(*Guaranteed Obligations*), excluding (i) the securities and financial instruments the terms of which expressly provide that they are excluded from the benefit of this Guarantee, and (ii) the securities and financial instruments which benefit from the guarantee of any of the three States up to 100% of their amount pursuant to a specific and distinct guarantee, or which benefit from a specific and several but not joint guarantee from the three States; and

- (b) the loans, advances, overdrafts and deposits granted to DCL, which are not represented by a security or financial instrument, which meet the criteria set out in Schedule B (*Guaranteed Obligations*), and the creditor of which is a Third-Party Beneficiary.

“Securities and Financial Instruments” and/or **“Security(ies) or Financial Instrument(s)”**, as appropriate, means the securities and financial instruments referred to in paragraph (a) of the definition of “Guaranteed Obligation”;

“Security Holders” means the holders of Securities and Financial Instruments other than Third-Party Beneficiaries; and

“Third-Party Beneficiary” has the meaning set forth in Schedule A (*Third-Party Beneficiaries*).

2 Nature of the Guarantee

- (a) This Guarantee is an independent guarantee and is payable on first demand. In the event of a Guarantee call being made in accordance with Clauses 4 and 5, the States waive the right (without prejudice to their rights against DCL) to raise any defence or any exception relating to the Guaranteed Obligations or the non-compliance by DCL with its obligations towards the States as well as any other defence or exception whatsoever that DCL could assert against the Third-Party Beneficiaries or Security Holders to refuse payment, and the States shall be liable towards the Third-Party Beneficiaries or Security Holders as if they were the primary debtors of the Guaranteed Obligations in accordance with the terms thereof, each to the extent of its percentage share. In particular, the States' obligations under this Guarantee shall not be terminated or affected by:
 - (i) the cessation of payments (whether within the meaning of the French Commercial Code or the French Monetary and Financial Code), insolvency, dissolution, deregistration or any other change in the status of DCL;
 - (ii) the illegality of the Guaranteed Obligations;
 - (iii) the illegality of the obligations of any other State under this Guarantee, or the non-compliance by any other State with such obligations;
 - (iv) any grace period, conciliation agreement or other similar concession granted to DCL by the holders of the Guaranteed Obligations or imposed by a judicial authority or a judicial assistant (*auxiliaire de justice*);
 - (v) the occurrence of any collective proceedings (safeguard, accelerated safeguard, judicial redress, judicial liquidation or other similar proceedings), the appointment of a provisional administrator or any other measure adopted by the *Autorité de contrôle prudentiel* or any other regulatory authority with jurisdiction in respect of DCL; or

- (vi) any other ground for termination of the Guaranteed Obligations, save for their payment in full.
- (b) The benefit of this Guarantee shall be maintained if a payment received by a Third-Party Beneficiary or a Security Holder and applied towards satisfaction of the Guaranteed Obligations is subsequently voided or declared invalid vis-à-vis the creditors of the maker of such payment, becomes repayable by such Third-Party Beneficiary or Security Holder to DCL or a third party, or proves not to have been effectively received by such Third-Party Beneficiary or Security Holder.
- (c) The Third-Party Beneficiaries or Security Holders will not be required, in order to exercise their rights under this Guarantee, to make any demand against DCL, to take any action against DCL or to file claims in any insolvency proceedings relating to DCL.
- (d) No ground for acceleration of payment of the Guaranteed Obligations, whether statutory (for example in the case of judicial liquidation proceedings with respect to DCL) or contractual (for example in the case of an event of default, event of termination or cross-default), will be enforceable against the States. Consequently, Guarantee calls shall lead to payment obligations of the States only in accordance with the normal payment schedule of the Guaranteed Obligations (it being understood that (i) the effects of any early termination clause which is not related to the occurrence of an event of default, such as the exercise by a Third-Party Beneficiary or Security Holder of certain contractual put options, are deemed part of the normal payment schedule of the Guaranteed Obligations, and that (ii) Guarantee calls will need to be renewed on all subsequent maturity dates of the Guaranteed Obligations). Further, in order to be entitled to call on this Guarantee, a Third-Party Beneficiary or a Security Holder may not have raised or raise any ground for acceleration against DCL (except, if applicable, those grounds for acceleration which would have occurred by operation of law without any action from the relevant Third-Party Beneficiary or Security Holder, for example upon the opening of judicial liquidation proceedings with respect to DCL).

3 Percentage share contribution of the States and overall limit of the Guarantee

- (a) Each of the States shall guarantee the Guaranteed Obligations up to the percentage share indicated on the first page of this Guarantee. Such percentage share shall apply per Guaranteed Obligation and per Guarantee call within the meaning of Clauses 4(b) or 5(c) of this Guarantee.
- (b) The Aggregate Commitment of the States may not at any time exceed the following limits, it being understood that the interest and incidental amounts due on the principal amounts so limited are guaranteed beyond these limits:
 - (i) €85 billion for the three States in aggregate;
 - (ii) €43.6985 billion for the Kingdom of Belgium;
 - (iii) €38.7515 billion for the French Republic; and
 - (iv) €2.55 billion for the Grand Duchy of Luxembourg.

“Aggregate Commitment” means the aggregate principal amount (being, in respect of zero-coupon bonds, the principal amount payable at maturity and, in respect of bonds the terms of which provide for the compounding of interest, the principal amount including compounded interest) of the outstanding obligations guaranteed by each of the States under this Guarantee or any other guarantee granted pursuant to the independent guarantee agreement dated 16 December 2011 or the agreement for the issuance of guarantees dated 24 January 2013, each as amended from time to time (and the obligations guaranteed pursuant to the independent guarantee agreement dated 9 December 2008 shall not be taken into account for the calculation of the Aggregate Commitment).

Compliance with the above-mentioned limits will be assessed at the time of each new issuance, or entry into, of Guaranteed Obligations, taking into account such new issuance or entry into. Therefore, the financings issued or entered into by DCL that meet the criteria set out in Schedule B (Guaranteed Obligations) of this Guarantee (and the terms of which do not expressly provide that they are excluded from the benefit of this Guarantee) shall benefit from the States guarantee if and to the extent that the Aggregate Commitment does not exceed, at the time of their issuance or at the time they are entered into, any of these limits, taking into account the principal amount of all Guaranteed Obligations (ie the obligations guaranteed by each of the States under this Guarantee or any other guarantee granted pursuant to the independent guarantee agreement dated 16 December 2011 or the agreement for the issuance of guarantees dated 24 January 2013 that were issued or entered into prior to such time, as well as such new Guaranteed Obligations) and, in respect of Guaranteed Obligations denominated in Foreign Currencies, the euro equivalent of their outstanding principal amount converted at the reference rate of the day of such new issuance, or entry into, of Guaranteed Obligations as published on that day by the European Central Bank.

Any subsequent non-compliance with such limits by DCL will not affect the rights of the Third-Party Beneficiaries and Security Holders under the Guarantee with respect to the Guaranteed Obligations issued or entered into before a limit was exceeded.

4 Guarantee of Securities and Financial Instruments

- (a) Without the need for any formality, the Guarantee shall cover all Securities or Financial Instruments initially issued to Third-Party Beneficiaries, and shall remain attached to such Securities or Financial Instruments notwithstanding their sale or transfer to any other Third-Party Beneficiary or Security Holder. Consequently, Security Holders may also call on the Guarantee subject to the conditions set forth in this Guarantee.
- (b) Any Third-Party Beneficiary or Security Holder, or any proxy holder, agent, settlement institution or trustee acting for the account of the former, may call on the Guarantee by simple notice delivered to each of the States within the time limit provided for in Clause 8(b). The notice shall include the identification of the relevant Securities or Financial Instruments as well as the unpaid amounts, and evidence of the rights of the party calling on the Guarantee to such Securities or Financial Instruments.

5 Guarantee of Contracts

- (a) Without the need for any formality, the Guarantee shall cover all Contracts entered into with Third-Party Beneficiaries, and shall remain attached to those Contracts notwithstanding their sale or transfer to any other Third-Party Beneficiary. The benefit of the Contracts Guarantee shall not be available to assignees or transferees that do not qualify as Third-Party Beneficiaries.
- (b) The Contracts Guarantee can only be called by DCL, subject to the conditions agreed upon between DCL and the States.
- (c) Notwithstanding paragraph (b), if judicial liquidation proceedings are commenced with respect to DCL, any Third-Party Beneficiary holding a Contract, or any proxy holder, agent, settlement institution or trustee acting for the account of the former, may nevertheless call on the Guarantee by simple notice delivered to each of the States within the time limit provided for in Clause 8(b). The notice shall include the identification of the relevant Contracts as well as the unpaid amounts, and evidence of the rights of the party calling on the Guarantee to such Contracts. For the avoidance of doubt, no ground for acceleration of payment resulting from these judicial liquidation proceedings will be enforceable against the States, and the Guarantee call shall lead to payment obligations of the States only in accordance with the normal payment schedule of such Contracts (it being understood that the effects of any early termination clause which is not related to the occurrence of an event of default, such as the exercise by the relevant Third-Party Beneficiary of certain contractual put options, are deemed part of the normal payment schedule of the Contracts).
- (d) Notwithstanding paragraph (b) and without prejudice to paragraph (c), the States may, upon request from DCL and at their sole discretion, authorise certain Third-Party Beneficiaries identified by name, certain categories of Third-Party Beneficiaries or the Third-Party Beneficiaries holding certain categories of Contracts, to call on the Guarantee of the Contracts they hold. The States may subject their authorisation to such arrangements as they deem desirable regarding in particular the delivery by DCL of information relating to the Contracts held by such Third-Party Beneficiaries, and may provide that any guarantee call of the Contracts by such Third-Party Beneficiaries must be accompanied by such supporting documentation as the States deem appropriate.

6 Performance of the Guarantee

- (a) Each of the States shall pay to the Third-Party Beneficiaries or Security Holders, up to its percentage share and in the currency of the Guaranteed Obligation, the amount due pursuant to any call on this Guarantee in accordance with the provisions of this Guarantee. Payments shall be made within five Business Days (or, in the case of Guaranteed Obligations denominated in U.S. dollar with an initial maturity not exceeding one year, within three Business Days) following receipt of the Guarantee call, and shall include late payment interest accrued in accordance with the terms of the relevant Guaranteed Obligation until the payment date.
- (b) Payments shall be made in directly available funds via any appropriate clearing system or institutional service mechanism or, failing which, directly.

- (c) Each State shall immediately and automatically be subrogated in all rights of the Third-Party Beneficiaries or Security Holders against DCL pursuant to the relevant Guaranteed Obligation, up to the amount paid by it.

7 Withholding tax

- (a) All payments referred to in Clause 6(a) shall be made by the States free and clear of any withholding unless such withholding is required by law. If a withholding must be made on behalf of a State in respect of payments referred to in Clause 6(a), no additional amount shall be due by such State by reason of such withholding.
- (b) For the avoidance of doubt, if DCL makes any payment of a Guaranteed Obligation subject to a withholding in circumstances where such withholding is required by law and does not give rise, pursuant to the terms and conditions of the relevant Guaranteed Obligation, to an obligation for DCL to pay any additional amount, such withholding shall not constitute a default by DCL justifying a call on this Guarantee.

8 Effective date of the Guarantee, duration and amendments

- (a) The Guarantee only covers Guaranteed Obligations which are issued or entered into on or after 24 January 2013.
- (b) The right to call on the Guarantee with respect to any amount due and unpaid in relation to a Guaranteed Obligation shall expire at the end of the 90th day following the date on which such amount became due or, in the circumstances mentioned in Clause 2(b), at the end of the 90th day following the date of the event mentioned in such Clause 2(b).
- (c) The States may at any time, by mutual consent and without prejudice to their obligations to DCL, terminate or amend the terms of this Guarantee. This Guarantee shall automatically terminate in the event of a transfer by Dexia SA to a third party of the direct or indirect control over DCL. Any termination or amendment will be communicated to the market in accordance with the applicable regulations. The termination or amendment will have no effect with regard to the Guaranteed Obligations issued or entered into before such termination or amendment is communicated to the market.
- (d) For the purposes of paragraphs (a) and (b), demand deposits and other demand Contracts or Contracts with an undefined maturity are deemed to be entered into on rolling daily basis, so that such deposits and other Contracts may benefit from the Guarantee if they exist on 24 January 2013, and will be affected by a termination of, or amendment to, the Guarantee as from the day following the communication thereof to the market in accordance with paragraph (c).

- (d) all credit institutions as defined by Directive 2006/48/EC of the European Parliament and of the Council of 14 June 2006 relating to the taking up and pursuit of the business of credit institutions (recast), namely: “an undertaking the business of which is to receive deposits or other repayable funds from the public and to grant credits for its own account”, whether or not established in the European Economic Area,
- (e) social security and assimilated organisations, state-owned enterprises, public or para-public authorities and entities in charge of a mission of general interest, supranational and international institutions, and
- (f) other institutional or professional investors; **“institutional or professional investors”** means financial holding companies, investments firms, other approved or regulated financial institutions, insurance companies, undertakings for collective investment and their management companies, professional retirement institutions and their management companies, and intermediaries in commodity derivatives,

including the subsidiaries of the Dexia group that meet the criteria set out in paragraphs (a), (b), (d) or (f) above, but only to the extent that the Securities and Financial Instruments (excluding the Contracts in all circumstances) which have been subscribed to by such subsidiaries are intended:

- A.** to be transferred (in any manner whatsoever, including by way of repos or securities lending) to Third-Party Beneficiaries that are not controlled (directly or indirectly) by Dexia SA or DCL (including the European Central Bank, a national central bank which is a member of the European System of Central Banks, or a depositary acting for the account of any of those) in consideration for financings raised by such subsidiaries from such Third-Party Beneficiaries between 24 January 2013 and 31 December 2021; or
- B.** to be included by such subsidiaries in a cover pool guaranteeing, in whole or in part, covered bonds, *lettres de gage*, *Pfandbriefe* or other similar instruments issued or to be issued at the latest on 31 December 2021 by Dexia Kommunalbank Deutschland AG or Dexia Lettre de Gage SA to institutional or professional investors not controlled (directly or indirectly) by Dexia SA or DCL;

these Securities and Financial Instruments being only entitled to the benefit of the Guarantee (a) from the date of their transfer to, and as long as they are held by, such Third-Party Beneficiaries in the case referred to in point (A), or (b) from the date of their inclusion, and as long as they are included, in a cover pool as referred to in point (B).

Furthermore, where an intermediary is involved as an underwriter, a manager or in a similar function in the context of the issuance of Securities or Financial Instruments, and in this context acquires or subscribes to these Securities or Financial Instruments with a view to immediately reselling them to final investors, both the intermediary and the final investors must qualify as Third-Party Beneficiaries.

For the purposes of the interpretation of the provisions under paragraphs (a) to (f) above, notwithstanding Clause 10 of the Guarantee, consideration shall be given to the articles of association, deeds and incorporation treaties, as the case may be, of the relevant Third-Party Beneficiaries.

SCHEDULE B

GUARANTEED OBLIGATIONS

The Guarantee covers all unsecured and unsubordinated financings with a maturity not exceeding ten years initially raised from Third-Party Beneficiaries, either in the form of Contracts entered into by DCL or in the form of Securities or Financial Instruments issued by DCL, the subscription of which is restricted to Third-Party Beneficiaries, and the currency of which is euro or a Foreign Currency, provided that these financings are entered into or issued by DCL between 24 January 2013 and 31 December 2021, and provided further that demand deposits and other demand Contracts or Contracts with an undefined maturity are deemed to be entered into on rolling daily basis so that such deposits and other Contracts may benefit from the Guarantee if they exist on 24 January 2013 and will in any event cease from having the benefit of the Guarantee the day after 31 December 2021.

Subject to the conditions set forth in the above paragraph, the Guaranteed Obligations include:

- (a) the following Contracts: interbank loans, deposits, advances and overdrafts in Foreign Currencies, non-interbank loans, deposits and advances with a fixed term or an undefined maturity in euro or in Foreign Currencies (including demand deposits, non-banking institutional deposits, fiduciary deposits and deposits granted by institutional investors in their name but in their capacity as agent and custodian for their clients, including within the framework of services commonly referred to as “sweep deposit services” in the United States, provided that such clients qualify as Third-Party Beneficiaries), and central bank deposits in euro or in Foreign Currencies;
- (b) the following Securities and Financial Instruments: commercial paper, certificates of deposit, negotiable debt instruments and assimilated securities (in particular *Namensschuldverschreibungen* under German law), bonds and Medium Term Notes, denominated in euro or in Foreign Currencies;

excluding:

- (i) mortgage bonds and securities or other borrowings secured by a statutory lien or a contractual arrangement to the same effect (for example, covered bonds and bilateral and tripartite repos);
- (ii) subordinated loans, deposits, securities and financial instruments;
- (iii) equity and hybrid equity securities and financial instruments;
- (iv) any derivative instruments (including interest rate or foreign exchange derivatives), and any securities or financial instruments linked to a derivative; and
- (v) interbank loans, deposits, advances and overdrafts in euro.

For the avoidance of doubt, Securities and Financial Instruments subscribed to by subsidiaries of the Dexia group in accordance with the terms set out in Schedule A (*Third-Party Beneficiaries*) may qualify as Guaranteed Obligations irrespective of the fact that the financings raised by these subsidiaries through the monetisation thereof with third parties outside the Dexia group do not constitute Guaranteed Obligations.

Le **ROYAUME DE BELGIQUE**, pour 51,41 %,

“**Jour Ouvré**” signifie un jour, autre qu’un samedi ou un dimanche, où les banques sont ouvertes en France, en Belgique et au Luxembourg, à condition :

- (a) s’il s’agit d’un jour où un paiement d’Obligations Garanties libellées en Devises Étrangères doit être effectué, que ce jour soit également un jour où les banques du principal centre financier de l’état de cette devise sont ouvertes ; ou
- (b) s’il s’agit d’un jour où un paiement d’Obligations Garanties libellées en euros doit être effectué, que ce jour soit également un jour où le système de paiement Trans-European Automated Real-Time Gross Settlement Express Transfer fonctionne pour la réalisation d’opérations de paiement en euros ;

“**Obligations Garanties**” signifie :

- (a) les titres et instruments financiers émis par DCL, initialement souscrits par des Tiers Bénéficiaires, qui répondent aux critères prévus à l’Annexe B (Obligations Garanties), à l’exclusion (i) des titres et instruments financiers dont les modalités prévoient expressément qu’ils sont exclus du bénéfice de la Garantie, et (ii) des titres et instruments financiers qui bénéficient de la garantie de l’un des trois États à hauteur de 100 % de leur montant en vertu d’une garantie spécifique et séparée ou qui bénéficient d’une garantie spécifique, conjointe mais non solidaire, des trois États ; et

“**Titres et Instruments Financiers**” et/ou “**Titre(s) ou Instrument(s) Financier(s)**”, selon le cas, signifie les titres et instruments financiers visés au paragraphe (a) de la définition d'« Obligations Garanties ».

2 Nature de la Garantie

- (a) La Garantie est autonome et payable à première demande. En cas d'appel à la Garantie conformément aux articles 4 et 5, les États renoncent dès lors (sans préjudice de leurs droits envers DCL) à invoquer tout moyen de défense ou toute exception relatifs aux Obligations Garanties ou au non respect par DCL de ses obligations envers les États ainsi que tout autre moyen de défense ou toute autre exception que DCL pourrait faire valoir envers les Tiers Bénéficiaires ou Détenteurs de Titres pour en refuser le paiement, et les États seront tenus envers les Tiers Bénéficiaires ou les Détenteurs de Titres comme s'ils étaient les débiteurs principaux des Obligations Garanties selon les termes de celles-ci, à concurrence de leur quote-part respective. En particulier, les obligations des États en vertu de la présente Garantie ne seront pas éteintes ou affectées par :
 - (i) la cessation des paiements (que ce soit au sens du code de commerce ou du code monétaire et financier français), l'insolvabilité, la dissolution, la radiation ou tout autre changement de statut de DCL ;
 - (ii) l'illégalité des Obligations Garanties ;
 - (iii) l'illégalité des obligations d'un autre État en vertu de la présente Garantie, ou le non respect par un autre État de ces obligations ;
 - (iv) tout délai de grâce, accord de conciliation ou autre concession similaire consenti à DCL par les titulaires des Obligations Garanties ou imposé par une autorité judiciaire ou un auxiliaire de justice ;
 - (v) a survenance de toute procédure collective (sauvegarde, sauvegarde accélérée, redressement judiciaire, liquidation judiciaire ou autre procédure similaire), la désignation d'un administrateur provisoire ou
 - (vi) toute autre mesure adoptée par l'Autorité de contrôle prudentiel ou toute autre autorité de régulation compétente à l'égard de DCL ; ou
 - (vii) toute autre cause d'extinction des Obligations Garanties, sauf leur complet paiement.
- (b) Le bénéfice de la présente Garantie subsistera si un paiement reçu par un Tiers Bénéficiaire ou un Détenteur de Titres et imputé sur les Obligations Garanties est ultérieurement annulé ou déclaré inopposable aux créanciers de l'auteur du paiement, doit être restitué à DCL ou à un tiers par ce Tiers Bénéficiaire ou Détenteur de Titres, ou s'avère ne pas avoir été effectivement reçu par ce Tiers Bénéficiaire ou Détenteur de Titres.

- (c) Les Tiers Bénéficiaires ou Détenteurs de Titres ne seront pas tenus, en vue d'exercer leurs droits en vertu de la présente Garantie, d'adresser une quelconque mise en demeure à DCL, d'agir contre DCL, ou d'introduire une créance dans une quelconque procédure d'insolvabilité relative à DCL.
- (d) Aucune cause de déchéance du terme des Obligations Garanties, qu'elle soit d'origine légale (notamment en cas de procédure de liquidation judiciaire à l'égard de DCL) ou contractuelle (notamment sous la forme d'un event of default, event of termination ou cross-default), ne sera opposable aux États. En conséquence, tout appel en Garantie n'entraînera une obligation de paiement par les États que selon l'échéancier normal des Obligations Garanties (étant entendu que (i) les effets de toute clause de résiliation anticipée non liée à la survenance d'un cas de défaut, tel que l'exercice par un Tiers Bénéficiaire ou Détenteur de Titres de certains puts contractuels, sont considérés comme faisant partie de l'échéancier normal des Obligations Garanties, et que (ii) tout appel en Garantie devra être renouvelé aux dates d'échéances ultérieures des Obligations Garanties). En outre, pour pouvoir faire appel à la Garantie, un Tiers Bénéficiaire ou Détenteur de Titres ne peut pas avoir invoqué ou invoquer une quelconque déchéance du terme à l'encontre de DCL (sauf le cas échéant les causes de déchéance qui se seraient produites de plein droit sans intervention du Tiers Bénéficiaire ou Détenteur de Titres concerné, notamment en cas d'ouverture d'une procédure de liquidation judiciaire à l'égard de DCL).

3 Quote-part des États et plafond global de la Garantie

- (a) Chacun des États garantit les Obligations Garanties à hauteur de la quote-part indiquée en tête de la présente Garantie. Cette quote-part s'entend par Obligation Garantie et par appel à la Garantie au sens des articles 4(b) ou 5(c) de la présente Garantie.
- (b) L'Engagement Global des États ne peut à aucun moment excéder les plafonds suivants, étant entendu que les montants en intérêts et accessoires dus sur les montants en principal ainsi limités sont garantis au-delà de ces plafonds :
 - (i) € 85 milliards pour les trois États ensemble ;
 - (ii) € 43,6985 milliards pour le Royaume de Belgique ;
 - (iii) € 38,7515 milliards pour la République française ; et
 - (iv) € 2,55 milliards pour le Grand-Duché de Luxembourg.

Par "**Engagement Global**", il est entendu la totalité de l'encours en principal (ceci étant entendu, dans le cas d'obligations *zero-coupon*, du principal dû à l'échéance et, dans le cas d'obligations prévoyant une capitalisation des intérêts, du principal incluant les intérêts capitalisés) des obligations garanties par chacun des États en vertu de la présente Garantie ou de toute autre garantie accordée conformément à la convention de garantie autonome datée du 16 décembre 2011 ou à la convention d'émission de garanties datée du 24 janvier, telles que celles-ci ont été ou pourront être modifiées (les obligations garanties en vertu de la convention de garantie autonome du 9 décembre 2008 n'étant pas prises en compte pour le calcul de l'Engagement Global).

Le respect des plafonds ci-dessus sera apprécié lors de toute nouvelle émission ou conclusion d'Obligations Garanties, en tenant compte de cette nouvelle émission ou conclusion. Ainsi, les financements émis ou conclus par DCL qui répondent aux critères prévus à l'Annexe B (*Obligations Garanties*) de la présente Garantie (et dont les modalités ne prévoient pas expressément qu'ils sont exclus du bénéfice de la Garantie) bénéficient de la garantie des États si et dans la mesure où l'Engagement Global ne dépasse lors de leur émission ou conclusion aucun de ces plafonds, en tenant compte du montant en principal de toutes les Obligations Garanties (c'est-à-dire tant les obligations garanties par chacun des États en vertu de la présente Garantie ou de toute autre garantie accordée conformément à la convention de garantie autonome datée du 16 décembre 2011 ou à la convention d'émission de garanties datée du 24 janvier qui ont été émises ou conclues antérieurement, que ces nouvelles Obligations Garanties) et, pour celles qui sont libellées en Devises Étrangères, de la contre-valeur en euros de leur encours en principal au taux de référence du jour de cette nouvelle émission ou conclusion d'Obligations Garanties publié à cette date par la Banque Centrale Européenne.

L'éventuel non-respect ultérieur de ces plafonds par DCL n'affectera pas les droits des Tiers Bénéficiaires et Détenteurs de Titres au titre de la Garantie quant aux Obligations Garanties émises ou conclues avant ce dépassement de plafond.

4 Garantie des Titres et Instruments Financiers

- (a) Sans qu'il soit besoin d'aucune formalité, la Garantie couvre tous Titres ou Instruments Financiers initialement émis à destination de Tiers Bénéficiaires, et reste attachée à ces Titres ou Instruments Financiers nonobstant leur cession ou transfert à tout autre Tiers Bénéficiaire ou Détenteur de Titres. Les Détenteurs de Titres pourront dès lors également faire appel à la Garantie dans les conditions prévues à la présente Garantie.
- (b) Tout Tiers Bénéficiaire ou Détenteur de Titre, ou tout mandataire, agent, organisme de liquidation ou trustee agissant pour le compte de ceux-ci, peut faire appel à la Garantie, par simple notification adressée à chacun des États dans le délai visé à l'article 8(b). La notification contiendra l'identification des Titres ou Instruments Financiers concernés ainsi que des sommes impayées et la justification des droits de l'appelant sur ces Titres ou Instruments Financiers.

5 Garantie des Contrats

- (a) Sans qu'il soit besoin d'aucune formalité, la Garantie couvre tous Contrats conclus avec des Tiers Bénéficiaires, et reste attachée à ces Contrats nonobstant leur cession ou transfert à tout autre Tiers Bénéficiaire. La Garantie des Contrats ne bénéficiera pas aux cessionnaires ou bénéficiaires d'un transfert qui n'auraient pas la qualité de Tiers Bénéficiaire.
- (b) Seule DCL peut faire appel à la Garantie des Contrats, dans les conditions convenues entre celle-ci et les États.
- (c) Nonobstant le paragraphe (b), si une procédure de liquidation judiciaire est ouverte à l'égard de DCL, tout Tiers Bénéficiaire titulaire de Contrats, ou tout mandataire, agent, organisme de liquidation ou trustee agissant pour le compte de ceux-ci,

pourra toutefois faire appel à la Garantie, par simple notification adressée à chacun des États dans le délai visé à l'article 8(b). La notification contiendra l'identification des Contrats concernés ainsi que des sommes impayées et la justification des droits de l'appelant sur ces Contrats. Il est bien entendu qu'aucune déchéance du terme résultant de cette procédure de liquidation judiciaire ne sera opposable aux États et que l'appel en Garantie n'entraînera une obligation de paiement par les États que selon l'échéancier normal de ces Contrats (les effets de toute clause de résiliation anticipée non liée à la survenance d'un cas de défaut, tel que l'exercice par le Tiers Bénéficiaire concerné de certains puts contractuels, étant considérés comme faisant partie de l'échéancier normal des Contrats).

- (d) Nonobstant le paragraphe (b) et sans préjudice du paragraphe (c), les États pourront, sur demande de DCL et à leur seule discrétion, autoriser certains Tiers Bénéficiaires nommément désignés, certaines catégories de Tiers Bénéficiaires ou les Tiers Bénéficiaires titulaires de certaines catégories de Contrats, à faire appel à la Garantie des Contrats dont ils seraient titulaires. Les États pourront subordonner leur autorisation à la mise en place des arrangements qui leur paraîtront souhaitables en matière notamment de transmission par DCL de toutes informations relatives aux Contrats détenus par ces Tiers Bénéficiaires, et pourront prévoir que tout appel à la garantie des Contrats par ces Tiers Bénéficiaires doit être accompagné des justificatifs que les États considéreront appropriés.

6 Exécution de la Garantie

- (a) Chacun des États procède au règlement, dans la devise de l'Obligation Garantie à concurrence de sa quote-part, au profit des Tiers Bénéficiaires ou des Détenteurs de Titres, du montant dû au titre de tout appel à la Garantie conformément aux dispositions de la présente Garantie. Les règlements auront lieu dans les cinq Jours Ouvrés (ou, s'il s'agit d'Obligations Garanties libellées en dollars américains avec une maturité initiale inférieure ou égale à un an, dans les trois Jours Ouvrés) suivant la réception de l'appel à la Garantie et incluront les intérêts de retard dus conformément aux modalités de l'Obligation Garantie concernée jusqu'à la date de règlement.
- (b) Les paiements effectués le seront en fonds immédiatement disponibles par l'intermédiaire de tout système de compensation approprié ou mécanisme de services institutionnels ou, à défaut, directement.
- (c) Chaque État sera immédiatement et de plein droit subrogé dans la totalité des droits des Tiers Bénéficiaires ou des Détenteurs de Titres à l'encontre de DCL au titre de l'Obligation Garantie concernée, à concurrence de la somme payée par lui.

7 Retenue à la source

- (a) Les paiements visés à l'article 6(a) seront effectués par les États sans retenue à la source, hormis les cas où la loi l'exige. Si une retenue à la source doit être effectuée pour le compte d'un État au titre des paiements visés à l'article 6(a), aucun montant supplémentaire ne sera dû par cet État en raison de cette retenue.
- (b) Il est bien entendu que, si DCL effectue le paiement d'une Obligation Garantie moyennant déduction d'une retenue à la source dans des circonstances où une telle déduction est requise par la loi et n'entraîne pas à charge de DCL,

conformément aux modalités de l'Obligation Garantie concernée, l'obligation de payer un montant supplémentaire, une telle déduction ne constituera pas un défaut de DCL susceptible de donner lieu à un appel à la présente Garantie.

8 Prise d'effet de la Garantie, durée et modifications

- (a) La Garantie ne couvre que les Obligations Garanties qui sont émises ou conclues au plus tôt le 24 janvier 2013.
- (b) Le droit de faire appel à la Garantie en ce qui concerne toute somme due et impayée au titre d'une Obligation Garantie expire à la fin du 90ème jour qui suit l'échéance de cette somme ou, dans les cas visés à l'article 2(b), à la fin du 90ème jour qui suit la date de l'événement mentionné à cet article 2(b).
- (c) Les États peuvent à tout moment, de commun accord et sans préjudice de leurs obligations envers DCL, résilier ou modifier les termes de la présente Garantie. La présente Garantie sera résiliée de plein droit en cas de cession à un tiers par Dexia SA du contrôle, direct ou indirect, de DCL. Toute résiliation ou modification sera communiquée au marché conformément à la réglementation applicable. La résiliation ou la modification sera sans effet quant aux Obligations Garanties émises ou conclues avant que ladite résiliation ou modification n'ait fait l'objet d'une communication au marché.
- (d) Pour l'application des paragraphes (a) et (b), les dépôts et autres Contrats à vue ou à échéance indéterminée sont censés être conclus de jour à jour de sorte que ces dépôts et autres Contrats sont susceptibles de bénéficier de la Garantie s'ils existent au 24 janvier 2013, et qu'ils seront affectés par une résiliation ou modification éventuelle de la Garantie dès le lendemain de la communication qui en sera donnée au marché conformément au paragraphe (c).

en ce compris les filiales du groupe Dexia qui satisfont aux critères des paragraphes (a), (b), (d) ou (f) ci-dessus, mais uniquement dans la mesure où les Titres et Instruments Financiers (et en aucun cas pour ce qui concerne les Contrats) qui ont été souscrits par celles-ci sont destinés :

- A.** à être transférés (sous quelque forme que ce soit, en ce compris sous la forme de *repos* ou de prêts d’instruments financiers) à des Tiers Bénéficiaires non contrôlés (directement ou indirectement) par Dexia SA ou DCL (dont la Banque centrale européenne, une banque centrale nationale membre du Système européen des banques centrales ou un dépositaire agissant pour le compte de ces dernières) en contrepartie de financements levés par lesdites filiales auprès de ces Tiers Bénéficiaires entre le 24 janvier 2013 et le 31 décembre 2021 ; ou
- B.** à être inclus par ces filiales dans un *cover pool* garantissant, en tout ou en partie, des *covered bonds*, lettres de gage, *Pfandbriefe* ou autres instruments équivalents émis ou à émettre au plus tard le 31 décembre 2021 par Dexia Kommunalbank Deutschland AG ou Dexia Lettre de Gage SA auprès d’investisseurs institutionnels ou professionnels non contrôlés (directement ou indirectement) par Dexia SA ou DCL ;

ces Titres et Instruments Financiers ne bénéficiant de la Garantie qu’à compter (a) de la date de leur transfert à, et aussi longtemps qu’ils sont détenus par, de tels Tiers Bénéficiaires dans le cas

visé au point (A), ou (b) de leur inclusion, et aussi longtemps qu'ils sont inclus, dans un tel *cover pool* dans le cas visé au point (B).

Il est précisé que lorsqu'un intermédiaire intervient comme banque garante ("**underwriter**", "**manager**" ou assimilé) dans le cadre d'une émission de Titres ou Instruments Financiers, et dans ce contexte acquiert ou souscrit ces Titres ou Instruments Financiers en vue de leur revente immédiate auprès d'investisseurs finaux, il est requis que tant ceux-ci que celui-là aient la qualité de Tiers Bénéficiaires.

Pour l'interprétation des dispositions des paragraphes (a) à (f) ci-dessus, il est renvoyé, par dérogation à l'article 10 de la Garantie, aux statuts, actes et traités fondateurs, selon les cas, des Tiers Bénéficiaires concernés.

ANNEXE B

OBLIGATIONS GARANTIES

La Garantie porte sur l'intégralité des financements initialement levés auprès de Tiers Bénéficiaires, avec une durée inférieure ou égale à dix ans, non assortis de sûretés réelles et non-subordonnés, soit sous forme de Contrats conclus par DCL soit sous forme de Titres ou Instruments Financiers émis par DCL, dont la souscription est restreinte aux Tiers Bénéficiaires, dont la devise est l'euro ou une Devise Étrangère, dès lors que ces financements ont été conclus ou émis par DCL entre le 24 janvier 2013 et le 31 décembre 2021, étant entendu que les dépôts et autres Contrats à vue ou à échéance indéterminée sont censés être conclus de jour à jour de sorte que ces dépôts et autres Contrats sont susceptibles de bénéficier de la Garantie s'ils existent au 24 janvier 2013 et cessent en toute hypothèse d'en bénéficier le lendemain du 31 décembre 2021.

Sont explicitement inclus dans les Obligations Garanties aux conditions définies à l'alinéa précédent :

- (a) les Contrats suivants : les prêts, dépôts, avances et découverts interbancaires en Devises Étrangères, les prêts, dépôts et avances non interbancaires à terme et à durée indéterminée en euros ou en Devises Étrangères (dont les dépôts à vue, les dépôts d'institutionnels non bancaires, les dépôts de fiduciaires et les dépôts accordés par des investisseurs institutionnels en leur nom mais en qualité d'agent et de dépositaire pour leurs clients, en ce compris dans le cadre de services communément appelés « sweep deposit services » aux États-Unis, pour autant que ces clients qualifient de Tiers Bénéficiaires), et les dépôts des banques centrales en euros ou en Devises Étrangères ;
- (b) les Titres et Instruments Financiers suivants : les *commercial papers*, les *certificates of deposit*, les titres de créance négociables et titres assimilés (notamment les *Namensschuldverschreibungen* de droit allemand), les obligations et les *Medium Term Notes*, libellés en euros ou en Devises Étrangères ;

à l'exclusion :

- (i) des obligations foncières et titres ou emprunts assimilés bénéficiant d'un privilège légal ou d'un mécanisme contractuel visant aux mêmes fins (par exemple, "*covered bonds*" et "*repos* bilatéraux et tripartites") ;
- (ii) des prêts, dépôts, titres et instruments financiers subordonnés ;
- (iii) des titres et instruments financiers de capital hybride et de capital ;
- (iv) de tout instrument dérivé (notamment de taux et de change), et de tout titre ou instrument financier lié à un instrument dérivé ; et
- (v) des prêts, dépôts, avances et découverts interbancaires en euro.

Il est précisé, pour autant que de besoin, que les Titres et Instruments Financiers souscrits par les filiales du groupe Dexia selon les modalités fixées à l'Annexe A (*Tiers Bénéficiaires*) peuvent avoir la qualité d'Obligations Garanties notwithstanding le fait que les financements levés par ces filiales au moyen de leur mobilisation auprès de tiers extérieurs au groupe Dexia ne constituent pas des Obligations Garanties.
